BENEFITS

Simple & Easy to Use “All-In-One” Charger for Multiple battery Sizes
2 AA ready in 1 hr.*

FEATURES

Charges AA, AAA, C, D, 9V NiMH batteries – LED Indicates Charge Status
• RED LED for AA, AAA, C, D, 9V
• Charges up to 4 batteries
• Charges multiple sizes

LED Indicates Charge
• Solid Red = Charging
• Green = Complete
• Blinking Red = Error/Abnormal battery or abnormal temperature

Charger Automatically detects battery sizes at the same time
International Charge Capability – device can be used worldwide with suitable converter plug

SAFETY

Microprocessor Controlled
• Charge Termination based on – dV/dt, temperature, and/or built in timer
• Primary Battery Protection – will not charge non-rechargeable batteries
• Over-temperature shut off – prevents overheating of battery
• Over-charge protection – prevents battery damage
• Low-voltage battery protection – prevents overheat and damage to battery
• Power protection circuit – resets whenever a battery is removed

*Approx. 85% of full charge, when using Duracell AA1300 mAh NiMH Batteries.
